

unigu^{est}TM

trusted local area info for hotel guests and city visitors

quickscoopTM

what is quickscoopTM?

Deliver local information and directions to your guests in a matter of moments with **quickscoop** Tear-off Lobby Maps. The maps, which are padded and placed in an attractive cover, list local restaurants and services on the front and a corresponding area map on the back, showing places of interest, restaurants, neighborhood vendor services and your hotel location.

The maps are professionally printed, padded in sheets of 100 and customized with your logo. A PDF version is also available for in-house printing and can be placed on your public computers, as well.

the most trusted local information

With more than 20 years experience in the hotel industry, we work directly with your hotel staff to be sure the right local information is showcased in your **quickscoop**, so guests can make the most of their stay.
