## **UNIGUEST™ NAMED ONE OF AMERICA'S FASTEST GROWING PRIVATE COMPANIES FOR SECOND CONSECUTIVE YEAR**

NASHVILLE, Tenn. (Aug. 26, 2010)— Uniguest™, a provider of print, technology and specialized services globally for the lodging, restaurant and healthcare industries, announced today that it has been named in the Inc. 5000 list for the second year in a row.

Of the 5000 private businesses selected by *Inc.* magazine, Uniguest earned the position of 858 in the annual ranking of the fastest growing companies in America, with a 351 percent growth rate. In 2009, Uniguest was given a 500x rating with a growth rate of 782 percent. The lists are based on the percentage of increase in revenue over the previous three years for private companies that have been active for a minimum of four years.

The Inc. 500/5000 is an annual list of the top 5000 private companies in the United States. The rankings are based on the percentage of increase in revenue over the previous three years for private companies that have been active for a minimum of 4 years. Using the Inc. 500/5000 methodology, Uniguest's growth rate of 782% would have earned Uniguest a ranking of 303, however, the filings by Uniguest were filed late thus earning the designation 500x.

As an Inc. 5000 honoree, Uniguest joins such notable alumni as Intuit, Zappos, Under Armour, Microsoft, Jamba Juice, Timberland, Visa, Patagonia, Oracle and scores of other powerhouses, said *Inc.* magazine Editor Jane Berentson.

"Growing at all during these past few years of recession, frozen credit, uncertain market, and depressed business and consumer spending is noteworthy," Berentson added in a column about the Class of 2010. "Growing fast verges on incredible."

"We are honored to be recognized by *Inc.* magazine," said Shawn Thomas, CEO and co-founder of Uniguest. "In these tough economic times, growing a company can be difficult. I credit a major portion of our success to the hard work, passion and dedication of our team, who is committed to providing the

highest-quality service, products and support in the industry. We look forward to even more growth in the future.”
