

U-SIGN *lite*

**ONELAN
DIGITAL SIGNAGE
FROM UNIGUEST**

A cost-effective digital signage solution to keep your guests up-to-date and in the know.

Our U-Sign Lite offering includes LG WebOS displays available in a range of screen sizes from 43"-65". These displays include the latest generation quad core processors and eliminate the need for an external signage player.

This out-of-the-box digital signage solution gives you the ability to display image slideshows, stock market info, local news, traffic and weather.

FEATURES

- Custom background
- Custom logo
- Date/Time
- Weather
- News slide
- Image Slideshow
Can be used to upload restaurant or hotel amenity menus, event calendars, services, promotions, etc. Custom content creation available for additional fees.

ADD-ONS

- Local Traffic slide
- Reuters News slide
- Stock Market slide

PRICES STARTING AT

\$3,740

for single signage solutions
