

DIGITAL CANVAS

The easiest way to share big ideas and encourage collaboration

Meural offers a library tens of thousands pieces of art, from classic to contemporary and everything in between, that can be easily interchanged with the swipe of a hand. With open API, future integrations with this product leaves great potential for deeper personalization.

Customized offerings have come to be expected in every aspect of meeting & event creation. Digital art is a simple means of re-creating inspiring pieces of art, tailored to the tastes of your guests.

- Customize a space with tens of thousands of pieces of digital art
- Discover new art with the swipe of a hand
- Our proprietary blend of hardware, firmware, and software renders images lifelike and textured
