

WIRELESS CHARGING

BY UNIGUEST

Today's smart phones are equipped with Qi wireless charging. Uniguest offers a sleek, discreet, and inviting powerup solution that guests have begun to swiftly use and expect in hospitality spaces. Customers want to stay connected, and that requires easy access to power. When conveniently positioned in meeting spaces, or other public gathering area, non-obtrusive wireless charging becomes a convenience that keeps our guests lingering with ready access to their mobile devices.
